PROFESSIONAL SUMMARY

Analytical professional with **3.5+ years at Amazon Luxembourg** delivering end-to-end data solutions — from ETL pipeline engineering and BI dashboards to ML model deployment in production. Proven business impact: **€2M+ in verified annual cost savings, 98% forecast model accuracy, and 15% improvement in data accuracy** across 3 global regions. Equally comfortable owning the full analytics stack (SQL, Python, AWS) or presenting insights to C-suite stakeholders. MSc Big Data & Business Analytics (Germany). IEEE-published. Immediately available. Open to Data Analyst, Senior Data Analyst, Data Scientist, and Business Analyst roles across India.

CORE SKILLS

Machine Learning	Regression, Classification, Time-Series Forecasting, Feature Engineering, SVM, Neural Networks, AutoML, Ensemble Methods (Scikit-learn, PyTorch)
Python	Pandas, NumPy, Scikit-learn, PyTorch, Matplotlib, Seaborn — data wrangling, pipeline automation, ML modelling
SQL & Databases	Advanced SQL (Window Functions, CTEs, Subqueries, Optimisation), AWS Redshift, Athena — 5+ years hands-on
BI & Visualisation	Power BI (DAX, Power Query/M), Tableau, AWS QuickSight, Google Data Studio, Excel (Expert)
Cloud / MLOps	AWS (S3, SageMaker, Glue, Redshift, Athena, Lambda, EC2) — ETL pipelines, model training, data warehousing
Statistics & Testing	A/B Testing, Hypothesis Testing, Bayesian Inference, Statistical Modelling, Regression Analysis
Business Analysis	Requirements Gathering, KPI Design, Process Modelling, Stakeholder Communication, Agile / Scrum

PROFESSIONAL EXPERIENCE

Business Analyst — Data & Analytics

Apr 2023 – Aug 2025

Amazon Luxembourg • Luxembourg

- Owned analytics for a **€15M business line**: designed and maintained 6+ production **ETL pipelines** (Python, SQL, AWS Glue, Redshift) serving 20+ operational sites across multiple countries.
- Developed and deployed **predictive ML models** (Scikit-learn) for demand forecasting and cost optimisation — achieving **98% accuracy** and generating **€2M+ in verified annual cost savings**.
- Built **Power BI and Tableau dashboards** giving senior management real-time visibility into KPIs, risk metrics, and P&L performance — replacing manual reporting with automated, self-service BI.
- Applied **A/B testing, regression, and statistical modelling** to validate the impact of data-driven process improvements; communicated findings to VP-level stakeholders.
- Translated complex business requirements from cross-functional stakeholders into structured data solutions, functional specifications, and ML problem formulations.

Business Analyst Intern

May 2022 – Nov 2022

Amazon Luxembourg • Luxembourg

- Built automated ETL pipelines (Python, SQL) migrating enterprise reporting across **3+ global regions**, improving data accuracy by **15%**.
- Developed data-driven optimisation tools for high-volume operations, achieving measurable cost reductions and increasing operational dashboard visibility.

Data Science Intern

Aug 2020 – Nov 2020

Inteliment Technologies • Pune, India

- Built production ML models (regression, classification, SVM, neural networks) using Python / Scikit-learn — **92% accuracy** on real datasets.

- Implemented AutoML pipelines for model selection and hyperparameter tuning, reducing experimentation time by **30%**.

CAREER DEVELOPMENT — SEP 2025 TO PRESENT

Following completion of full-time role at Amazon Luxembourg, undertook structured self-development in: **Advanced Statistics & Bayesian Modelling**, **Generative AI / LLMs** (RAG, prompt engineering, transformer architecture), and **Deep Learning** (PyTorch, sequence models). Building end-to-end portfolio projects on GitHub. Immediately available for new role.

EDUCATION

MSc. Big Data & Business Analytics	2019 – 2022
FOM University of Applied Sciences, Essen, Germany	
B.E. Computer Science	2015 – 2019
Ramrao Adik Institute of Technology, Mumbai University	

ADDITIONAL

- **IEEE Publication:** "SISA: A Secret-Sharing Scheme Application for Cloud Environments" — peer-reviewed cloud security research
- **Languages:** English (Fluent) • German (B1) • Hindi & Marathi (Native) • French (Basic)
- **Availability:** Immediate • Open to relocation across India • Hybrid / On-site / Remote
